

WHEN IS PLASTIC FANTASTIC?

...when it can be recycled and turned into money for research into the biggest cancer killer of children in the UK!!

WE'RE RECYCLING EMPTY CRISP PACKETS FOR ELLIE'S FUND

We can recycle empty crisp packets.

To participate, please save **all brands** of crisp packets - this can include the outer packets as well as the inner ones of multi packs.

Packets should be clean and empty. They must be completely dry before you post them (or we won't be credited). For us to benefit, you'll need to collect a minimum of 8kg (max 30kg), with a maximum parcel size of 70x60x60cm. Once collected, the crisp packets are separated by plastic type, cleaned, and extruded into plastic pellets to make new recycled products.

When you have a parcel ready to send, please email recycling@elliesfund.com to request a 'crisp' label; we'll email one to you.

Thank you!

www.elliesfund.com/recycling

We've already raised over £62,000 from our recycling efforts - that's more than 20 days of research into brain tumours - however, each day of this vital work costs £3000. Can you help us to raise this every month?
