

# WHEN IS PLASTIC FANTASTIC?

...when it can be recycled and turned into money for research into the biggest cancer killer of children in the UK!!

## WE'RE RECYCLING ORAL CARE PRODUCTS & PACKAGING FOR ELLIE'S FUND

**We can accept all these items:**

Please make sure all items are completely empty, clean and dry before being sent off.

Once collected, the items are separated by plastic type, cleaned, and extruded into plastic pellets to make new recycled products.

When you have at least 2kg of products, please **email [recycling@elliesfund.com](mailto:recycling@elliesfund.com)** to request an 'oral care' label; we'll email one to you.

*Thank you!*

Any brand of toothpaste tubes and caps

Any brand of toothbrush outer packaging

Any brand of toothbrushes

Any brand of electric and battery toothbrush heads

Any brand of toothpaste cartons

### But please DON'T send:

- dental floss and floss containers

We've already raised over £62,000 from our recycling efforts - that's more than 20 days of research into brain tumours - however, each day of this vital work costs £3000. Can you help us to raise this every month?
